Energy performance certificate (EPC)			
4 Gladstone Avenue WHITLEY BAY NE26 3BE	Energy rating	Valid until:	24 April 2034
	E	Certificate number:	9234-9124-9300-0615-7226
Property type	Mid-terrace house		
Total floor area	136 square metres		

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/ guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is E. It has the potential to be C.

See how to improve this property's energy efficiency

Score	Energy rati	ng			Current	Potential
92+	Α					
81-91	В					
69-80		C				75 C
55-68		D				
39-54			Ε		50 E	
21-38			F			
1-20				G		

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, as built, no insulation (assumed)	Poor
Wall	Cavity wall, as built, partial insulation (assumed)	Average
Roof	Pitched, no insulation (assumed)	Very poor
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, TRVs and bypass	Average
Hot water	From main system	Average
Lighting	Low energy lighting in 83% of fixed outlets	Very good
Floor	Suspended, no insulation (assumed)	N/A
Secondary heating	Room heaters, mains gas	N/A

Primary energy use

The primary energy use for this property per year is 376 kilowatt hours per square metre (kWh/ m2).

Additional information

Additional information about this property:

· Cavity fill is recommended

How this affects your energy bills

An average household would need to spend £3,376 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could **save £1,294 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2024** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 21,434 kWh per year for heating
- 2,836 kWh per year for hot water

Impact on the environment	An average household produces	6 tonnes of CO2
This property's environmental impact rating is E. It has the potential to be C.	This property produces	9.0 tonnes of CO2
Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.	This property's potential production	4.4 tonnes of CO2
Carbon emissions	You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.	
	These ratings are base about average occupa People living at the pro different amounts of er	ncy and energy use. operty may use

Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Cavity wall insulation	£500 - £1,500	£274
2. Floor insulation (suspended floor)	£800 - £1,200	£157
3. Heating controls (room thermostat)	£350 - £450	£195

Step	Typical installation cost	Typical yearly saving
4. Condensing boiler	£2,200 - £3,000	£591
5. Solar water heating	£4,000 - £6,000	£79
6. Solar photovoltaic panels	£3,500 - £5,500	£550

Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	George Smith
Telephone	01912463763
Email	george.smith@rookmatthewssayer.co.uk

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/015409
Telephone	01455 883 250
Email	enquiries@elmhurstenergy.co.uk
